## Off The Shelf

NEWSLETTER OF THE HUDSON AREA PUBLIC LIBRARY  
AUGUST 2017

## Fiber Arts

We're offering a series of crafts and classes for fiber-lovers! In August, attend our Learn to Knit program, presented in partnership with Thunder Willow Community Arts. Beginners are invited to attend and learn from an expert! In September, look for a needle-felting craft and enjoy Spin in Public Day—there will be a variety of spinners in the Library Lobby with their spinning wheels. Each month we offer Stitch Night, a program where community members bring their knitting, crocheting, etc., and participants enjoy relaxed conversation and refreshments while they work. Mark your calendars and get ready to enjoy fiber arts this fall!

## Lawn Games

Check out lawn games at the Library! We have 16 lawn games available for you to choose from. These games are perfect for the whole family and you can play them at the beach, Lakefront Park, your backyard, or your living room! Come browse the collection—you'll find giant tic-tac-toe, horseshoes, throwing games, bocce ball, and more. Check them out for a week with your Library card!

## iLABS

**iLABS @ HAPL**

Innovate Learn Achieve Build Shore

This September, we're launching our iLABS at the Hudson Library. An iLAB is a makerspace—it's a place for people to come and create, make, tinker, try, develop, share resources and knowledge, and to collaborate. It's an informal learning space where ideas can become reality, innovation happens, and the entrepreneurial spirits soar. Users can explore audio/visual/graphic design creation, photo and video equipment, a writers' station, crafting labs—and more. Some of the offerings will include a 3-D printer, new Mac and Dell computers with a variety of software, a photography kit with a green screen, a computerized sewing machine—and much more.

The iLABS will be offered on the main floor of the Library, in a room next to the public computers, and there will be a schedule posted of the specific monthly offerings. Join us at the Library and put ideas into action!
